Winter 2018

Council Vacancy

There were only three people on the ballot for Council so there will be an open seat on January 1. Those interested in serving should submit a letter of interest to the municipal office before the deadline of Jan 9. The Rules Committee will review the applicants and then someone to fill the vacancy will be selected by Council.

Snow Removal

When there is enough of a snowfall to plow, it would greatly help our plow operators if you will move your car from the street, if possible. (We understand that the street is the only place some residents have to park.) If you have a driveway or a place in the rear of your property to park, having fewer vehicles to plow around speeds up the removal process and also avoids snow being pushed up around the vehicle, something that often cannot be helped. Thank you in advance for your cooperation.

Contacting the Mayor

As many of you already know, I have accepted a position as executive director of the Fairfield County Heritage Association and started there in mid-December. This is a full time job so I will not be in the municipal office during the day anymore.

I will be stopping in the office in the evenings and weekends to keep up on the town's business. I will still be conducting Council meetings and be here for other important meetings. The Heritage Association board understands how important it is to me to continue to fulfill my elected duties and they are supportive. Although I will not be around each day, I can still be reached by phone, email, or leave a note with office staff. I will be checking in with staff daily and they are happy to help you.

This position came open unexpectedly and I was not planning on applying for another job, but it involves many of the things I enjoy, including history, and I am excited about these new challenges. Most villages have mayors who have full time jobs and so has Carroll in the past. Thank you to all who have offered support and congratulations, it is appreciated.

Egg Hunt

The annual Easter Egg Hunt is tentatively set for Saturday, March 31 at noon in Canal Basin Park. It is sponsored by the Carroll Business Association. There will be more info closer to the date but this is the only newsletter before then, so mark your calendars if you have children who would like to attend. Thank you CBA for taking this over last year and making a lot of kids happy.

Sewer Alarms

If you sewer alarm sounds during the day, please call the municipal office at 756-4031. If after hours or on weekends, please call the mayor at 740-808-4488, clerk at 740-808-4575, or our utility department at 740-205-7188 or 740-974-1669. The same numbers can be used in case you have a problem with your water.

*On behalf of Village Council and staff, we wish you all a Happy and Healthy 2018!
Council meetings are held the second Tuesday of each month at 7pm and the public is welcome to attend. I appreciate the opportunity to serve the residents of this community.*

~ Mayor Tammy Drobina
