## Exhibit C

### 12. DORA Public Sanitation

The Public Sanitation Plan will provide the framework for maintaining the satisfactory appearance and public health of the proposed DORA. The Village of Carroll reserves the right to implement changes or modifications to the Public Sanitization Plan as needed from the commencement of the DORA until the dissolution of the DORA. Any significant changes will be communicated to all the participating stakeholders in the DORA.

Details of the Public Sanitation Plan are as follows:

- The trash receptacles will be serviced by the Village of Carroll on a regular schedule. Additional collections will be made on an as-needed basis and will be serviced by the Village Service Department. The Village Administrator will monitor the receptacles and coordinate additional collections, as needed.
- Trash receptacles may be relocated and additional receptacles may be added within the DORA at the discretion of the Village Administrator. Upon approval of the Village Council, additional receptacles may be added by the Village or any qualified permit holder, and the serving of such additional non-Village receptacles shall remain the responsibility of the installing entity.
- Each qualified permit holder located in the DORA shall be responsible for the collection of litter near or around the premises occupied by the permit holder.

The Mayor has determined that the Public Sanitation Plan described is sufficient to maintain the appearance and public health expectations of the DORA area. The Public Sanitation Plan can be executed with existing Village of Carroll personnel.

## Exhibit D

### 13. DORA Public Safety Plan

The Public Safety Plan will help maintain public safety within the DORA, which will be accomplished as follows:

- The Village of Carroll Police Department shall provide law enforcement services for the DORA area. The Village Police Department is located within the DORA boundary. Uniformed officers will patrol the area as a part of their regular patrol responsibilities and shall provide primary law enforcement services.
- The on duty officer shall ensure that appropriate attention is provided to the area during hours of operation.
- The area may be patrolled on foot or cruiser.
- For planned events within the DORA that may draw larger than normal attendance, the Chief of Police may assign additional officers to patrol the DORA area or call in mutual aid.
- Large special events may require the organizers to provide additional security by hiring off duty police officers or private security personnel.

The Mayor has determined that the Public Safety Plan described is sufficient to maintain the public safety within the DORA area.
